David M. Schneider, P.E.
Public Works Department
City of Jacksonville
220 E. Bay Street
Jacksonville, FL 32202

Dear Mr. Schneider,

I serve as President of Jaguar Builders, Inc. and as you can imagine, we work closely with civil engineers on a daily basis.

It has been my personal pleasure to work with Edwards Engineering, Inc. Gray Edwards, Gary Goldsberry, Sheri Kirkland and his entire staff have been responsive, cost effective and innovative in their designs. They are well versed in not only design, but they have a knack for making the often-cumbersome permitting phase much easier.

As a Jacksonville based firm, Jaguar Builders, Inc. is well aware of the numerous civil engineering firms that have recently moved to Jacksonville. Gray has been a Jacksonville resident his entire life and takes pride in the work he does in Northeast Florida.

It is without any hesitation that I give you my strong recommendation of Edwards Engineering to serve Public Works. Your decision to select Edwards Engineering will be one that you will later view as a sound one indeed.

Sincerely,

West Westmoreland
President, Jaguar Builders, Inc.
